

Curtain fabric cut list

draperight.com

Print-ready cut sheet, measurements in cm / metres.

2026-06-27

Your measurements

Track / pole width	200.0 cm	Finished drop	230.0 cm
Fabric width	137.0 cm	Heading	Pinch / triple pleat (2.5x fullness)
Panels	A pair (2 curtains)	Pattern repeat	64.0 cm (half-drop)
Lining	Yes, included below		

Fabric widths to cut	Cut length per width	Total fabric to buy
4	320.0 cm	13.44 m
2 per curtain	5 pattern repeats	13.44 m

Lining to buy: 10.61 m (10.61 m), 4 widths, cut plain.

Cut list

Cut each drop to the length shown. Lengths include the header turn and bottom hem. rounded to whole pattern repeats where set.

Drop	Cut length
Curtain A, width 1 of 2	320.0 cm
Curtain A, width 2 of 2	320.0 cm
Curtain B, width 1 of 2	320.0 cm
Curtain B, width 2 of 2	320.0 cm
Half-drop allowance (one extra repeat, added once)	64.0 cm

How this was worked out

Widths = track width x 2.5 fullness, divided by the usable fabric width, rounded up.

Cut length = finished drop + header turn + bottom hem (doubled).

Patterned fabric: each cut length is rounded up to a whole number of 64.0 cm repeats so every width matches.

Half-drop repeat: one whole extra repeat was added to the order once, to offset the alternate drops.
